DID YOU NOTICE? NO RATE INCREASE

Your Y dues did not increase for 2018!

Although this is good news to you, the Y team struggled tremendously to get a balanced budget for 2018. We will be watching our funds very closely for this next year.

Our expenses will go up; utilities, another Michigan minimum wage increase (which also brings all the other related expenses to rise), and rewarding our staff who are already making above the minimum wage.

So, how did we do this?

Each department looked at increasing their revenue and reducing their expenses. Sounds like it should have been simple, but it wasn't. When everyone gives a little and takes less it worked out.

Here are a few things you will notice, some have already gone into effect:

- Program costs went up slightly for members and a little bit more for the general public.
- We will not serve coffee for as many hours each day.
- Many projects were done during 2017 and we will see less of that during 2018.
- We are hoping we do not "loose" as many towels as we do each year.
- We are praying for more donors during 2018 so we can continue all of our mission work and help those in need.
- We are praying for more grant dollars so we can continue to offer everything we do now with our After School Programs.

We're in this together. We need your help. Be a Y advocate. When you are out in the community talk to people about all the great things going on behind our doors. Talk to them about becoming a member or program participant. We are confident that once new people come through our doors we will keep them because of everything GREAT going on here.

The Y truly does mean, "a better us!"

Terri Falkenberg, Exec. Director

YMCA programs make a difference. Programs such as swim lessons, youth sports, gymnastics and competitive swimming do more than teach skills, they teach confidence and responsibility. Y programs also teach young people to be strong in spirit, mind and body.

The Y team is for swimmers who would like to be a part of a positive social team atmosphere. Swimmers are grouped by age / skill level and may come as often or as little as they choose. Swim team members must be active members of the Y and be able to swim 25 yards either on their back or on their stomach.
